

GRUPO AEROPORTUARIO DEL PACIFICO REPORTS PASSENGER TRAFFIC DECREASE OF 20.4% FOR MARCH 2009

Guadalajara, Jalisco, Mexico – April 6, 2009 - Grupo Aeroportuario del Pacífico, S.A.B. de C.V. (NYSE: PAC; BMV: GAP) (“the Company” or “GAP”) announced preliminary terminal passenger traffic figures for the month of March 2009 compared to traffic figures for March 2008.

It is important to note that in 2008, the Easter Week vacation period took place during the month of March, whereas in 2009 this vacation period will take place during April. As a result, March 2009 passenger traffic figures are not perfectly comparable to those reported in March 2008. This distortion may be more significant for those airports with greater tourist volume.

During March 2009, **total terminal passengers** decreased 20.4% compared to the previous year; international passenger traffic decreased 16.2%, and domestic passenger traffic decreased 23.1% compared to March 2008.
